📍 Somewhere in the world

I am the 10 eggs developer you are looking for. With over 15 years of experience in software development, I bring a wealth of knowledge and expertise to my clients. As a motivated and creative engineer, I excel in both independent and team environments, and have a passion for new challenges and attention to detail. My experience includes working as a consultant, process engineer, and software developer in various industries including e-commerce, financial services, and biotechnology. I have also conducted numerous training workshops covering topics such as AWS architecture, Python, Tableau, and more. I am dedicated to delivering outstanding value to my clients and am excited to bring my skills to new projects.
